TAMPA INTERNATIONAL

Tampa International Airport (TPA): PICK-UP LOCATIONS AND PROCEDURES

- 1. After collecting luggage, exit the doors at either end of Baggage Claim to the "GROUND TRANSPORTATION"**
- 2. Check in at the SuperShuttle Kiosk (booth) and inform the agent of your reservation.**
- 3. Our agents may ask for your confirmation numbers to assist in locating your reservations. If you do not have a reservation, just advise the agent of your destination.**

* * Leaving the Airport

If you book a reservation leaving the airport, this does not mean a van will be waiting for you at the curb when you arrive. Due to security considerations, airports do not allow us to have vans lined up at the curb. However, in virtually all our cities, we do have vans waiting close by in a "holding lot" near the airport. When you have your luggage, please inform our staff that you are ready to go. Then you will be routed with other travelers going in your direction, and the next available van going to your area will be sent to pick you up. The amount of time it takes to pick you up at the airport varies depending on traffic inside the airport, and how many people also going to your area are being picked up.
